This school is designed for beginners and will introduce fun ways to develop golf skills

Fees: \$70.00 + tax per student (paid at signup)

Deadline: June 26, 2017

Student to Teacher Ratio: Not more than 8 to 1

We believe that between 6-9 years old is a perfect time to develop movement patterns and thought processes that will enhance your child's proficiency in later years for golf. We plan to use other physical activities to help your child learn skills necessary for golf. Many of these activities will have nothing to do with golf but will be fun and entertaining for the kids. Learning to pair FUN with GOLF is crucial for young kids before they will consider making the game a part of their lives. Our goals with this group are:

- Introduce FUN into GOLF while secretly slipping in some golf skills that will be used later
- Introduce the golf course to them
- Before the session ends, according to their skill level, to be hitting golf balls on the range
- To produce a desire to continue learning, developing, and enjoying this great game!

Each student will receive a tee shirt on the first day.
