

## **about the APT**

Amateur Golfers are invited to join our international golf society to compete in events against players of their own skill level at fantastic golf courses and clubs throughout North America. Tournament formats include stroke-play, match-play, stableford, team competitions and more. Players are divided into 5 Divisions based upon their skill level to provide fun and fair competition. Scoring within each division will generally be gross with divisions assigned based on player indexes. The Amateur Players Tour observes all USGA Rules of Golf governing competition and amateur status. Players will compete to win VISA gift card payouts, as well as trophies for the winners of each division. Optional side games are offered at each event at the player's discretion. Players are eligible to play in any APT sanctioned events in North America and can transfer points back to their local chapter.

## **handicap**

Players are flighted into divisions based on their tournament scores on the APT. Players can then move division up or down based upon their performance. No handicap? Our staff will work with you to place you in the correct division.

Division 1 (3.4 & below)

Division 2 (3.5-8.4)

Division 3 (8.5-13.4)

Division 4 (13.5-18.4)

Division 5 (18.5 & up)

## **seniors**

Seniors (60+) are eligible to compete in the open division, but play from one tee box forward. This allows for fair competition, while keeping field sizes and prize pools as large as possible.
